PLYMOUTH VOCATIONAL BUILDING

For some time the Plymouth School Board and the administration of the Plymouth Schools have felt that we were not properly meeting the needs of boys and girls attending the high school who did not intend to go to college. The new Vocational Building, as the result of numerous meetings with state and local people, and hours spent on planning, seems to be the answer to the problem.

A special School District meeting was held in June, 1958, where a sum of \$130,000.00 was unanimously voted to construct and equip the present building. Shortly thereafter the Plymouth School Board and the Superintendent of Schools went to Boston to arrange the selling of the bonds. They were most fortunate to secure a 3% interest rate which, at that time, was very good.

Specifications and plans were immediately drawn up and the project was put out for bid in the fall of 1958. When bids were opened, Winston Titus, with a low overall construction bid of \$105,000.00, was awarded the contract and construction started. The amount budgeted for construction, site development, architects fees and equipment (\$130,000.00) would have been very accurate but, on a cost plus basis, ledge was discovered during excavation and an added \$4,500.00 was needed that was unforeseen. Therefore, although the building is complete we do not yet have all the equipment planned or needed. It is hoped the District will see fit during the ensuing years to add to what is presently available to complete the program.

It is the opinion of all concerned that Plymouth got a great deal for its dollar in their new building. Total floor area is 13,251 Sq. Ft. equally divided between first and second floors. The costs of \$8.35 per Sq. Ft., 66 cents per cubic foot and \$885.10 per pupil, based on 125 pupils, are figures 25% lower than comparable costs in New Hampshire last year.

You are cordially invited to inspect the building at any time but for those who desire more information the following facts may be of interest. The first floor contains a large, well lighted, cafeteria and complete kitchen with storage, as well as a large shop area. On the second floor, there is a large, well lighted wood working shop, 2 classrooms and a Home Economics laboratory. Inspectors from the State Department of Education have told us that the Home Economics laboratory is one of the best in New Hampshire and, as we add equipment and courses, both shops should be in the same category. We now offer exploratory wood working for Grades 7 & 8 boys as well as Home Economics for Grades 7 & 8 girls. On the high school level, 4 years of Home Economics and various phases of wood working, auto mechanics, sheet metal, welding, etc., that make up a well rounded program, are offered. These course offerings will be increased as the need arises. We are now prepared, also, to offer Adult Education courses in any of the areas where we are qualified and there is a demand. The new building has made this possible.

The completion of the new building has made it possible for Plymouth High School to be rated a comprehensive school, or the best high school rating in New Hampshire. Without it, there are doubts that this rating could have been achieved. This is a project of which Plymouth may be proud.

REPORT OF THE PARK AND RECREATION COMMISSION

To the Selectmen and Citizens of Plymouth:

A full report of the Park and Recreation Commission's second year of service must include an explanation of why Fox Pond Park still has not been opened for summer activities.

The Commission has worked steadily on plans for the development of the Park. The pond was drained and surveyed to make possible an estimate of the amount of excavation of silt needed and of refill with gravel and sand to create a swimming pool which will meet the approval of the State Board of Health. To develop the swimming facilities will require approximately \$12,000.00. We had been led to expect at least one grant that would pay for the initial work. It can only be surmised that the grant is being withheld until there is definite assurance that the pond will have the official approval of the State. At the same time, plans for raising these funds were formulated, but it was considered unfeasible and unwise to push the plans before State approval had been obtained.

Members of the Commission and other interested persons have met repeatedly with State officials during the past year for the purpose of learning the requirements of the Board. The Commission has complied with every requirement. We await action by the Board.

Meanwhile, the dwelling on the park property has been repaired and improved and is now occupied by tenants. The pond has been used for skating this winter under the supervision of the Plymouth Youth Council.

The year has seen several changes in the membership of the Commission. Chairman Reg Keniston resigned after professional work took him to Washington, and Paul Robertson resigned because of the pressure of business. Mary Goulart resigned for reasons of health. These members were of the original five. Geraldine Stilphen, after serving only a short time in one of these vacancies, moved to Texas. The Commission now consists of the following members: (The years in which terms expire are in parenthesis.) Bernard R. Smith (1962), Chairman; Harold D. Trojano (1960) Vice-Chairman; Rosamund S. Orr (1961) Clerk and Treasurer; Alida Buckland (1960) and Allen E. Grass (1961).

Respectfully submitted,

ROSAMUND S. ORR, Clerk

An hour each week has been added to the time our library is open to the public this year. The Wednesday night closing time has been changed to 9 P. M. from 8 P. M. so that the hours for Monday, Wednesday and Friday evenings are the same — 7-9.

The library was closed on May 21st in order to have three consecutive days to take an inventory of the book collection. With the help of approximately 100 hours given by our faithful volunteers this inventory of the adult collection was finished. The librarians have finished the children's collection as time permitted. The resulting double-check of our records will continue into the new year.

In July we began to re-register our membership. A special form of application for children, which parents will sign assuming responsibility, was purchased and put to use. Children may now apply for membership as soon as they can write their names. An expiration date four years from the date of applying for membership is now on file with the record of each borrower, so that our count of active borrowers may be kept up-to-date.

A separate collection of books for teen-agers is being made. This involves selecting books suitable for them from both adult and children's collections and putting identifying marks on them and on their catalog cards. This project is nearing completion.

Four elementary school classes visited us with their teachers to receive instruction in the use of libraries. Christmas parties were given for the two sections of the first grade. Two Girl Scout Troops were given the use of the library for their story hour projects.

The librarians attended a neighborhood library meeting in the Bristol Library where a collection of reference books was inspected and a talk about them was given by Mr. Emil Allen of the State Library. Two members of the Book Selection Committee attended a neighborhood meeting in the Meredith Library and

heard a talk about sources of information which aided in the selection of books.

Some new furniture has been purchased. For the children's corner a low table with six chairs to match; a typewriter with its table; and an electric clock increase efficiency and improve our appearance. A welcome gift was a pin-up lamp to provide more light at the catalog.

The State Library Commission has approved a State Aid grant of \$200.00 to us for the purpose of recataloging our book collection. This money will purchase about half the cards and steel file cases needed, so we expect to receive approximately the same amount from them next year. With the help of two State Library representatives and a group of volunteers, every book will be processed to make sure that it is classified in its proper category and that the catalog will provide all the information about it needed by the inquiring borrower. This work will be done on days when the library is closed to the public. This is an enormous task, but it will greatly increase the efficiency of our service when it is completed.

Respectfully submitted,

ALICE B. DICKINSON

AUDITOR'S REPORT

As prescribed by law, we have examined the books and records maintained by the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Trustees of Trust Funds, Treasurer of the Library Trustees and Justice of the Municipal Court.

The records of individual receipts and expenditures were found to be correctly cast and well vouched.

We have verified cash balances and reconciled bank statements for all officials having town business accounts.

We have examined the securities in the Trust Funds.

We have inspected the surety bonds of the Town Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Road Agent, Chief of Police and Secretary.

Selectmen,
Plymouth, N. H.

Dear Sirs:

The following is a report of the activities conducted by the N. H. Department of Health, Bureau Public Health Nursing, for the year 1959.

A complete immunization program was held in the late fall of 1958, therefore, only one Salk Vaccine clinic was held at the Directors' Room at Sceva Speare Memorial Hospital for all age groups. The nurse was assisted at the clinic by Arthur Carpenter, Health Officer; local medical staff, nursing staff of the hospital and Gray Ladies of the local Red Cross Chapter. The Plymouth American Legion Auxiliary furnished lollipops for the children. The following Salk shots were given:

	1st	2nd	3rd	4th
Under 5 years	30	16	52	13
5 — 10 years	1	1	16	9
10 — 15 years	6	0	8	6
15 — 20 years	17	2	2	3
20 — 40 years plus	166	24	32	33
	—	—	—	—
Totals	220	43	110	64

It is hoped that all who had first or second Salk Vaccine shots at the clinic have since completed their immunizations at their own doctors.

The Plymouth American Legion Auxiliary served as clerical workers at the visit of the X-Ray Mobile Unit in Plymouth in December.

Many home visits have been made on mothers, babies and pre-school children. Arrangements have been made for children to attend clinics for diagnosis and treatments. Arrangements have been made through N. H. Sight Conservation for eye testing and glasses.

I wish to take this opportunity to express to all individuals and organizations, who have aided the program in any way, my sincere thanks.

Respectfully submitted,

LOIS W. BARTON, R.N.,

Public Health Nurse, N. H. Dept. of Health

PLYMOUTH CHAMBER OF COMMERCE
INFORMATION BOOTH REPORT

February 2, 1960

Board of Selectmen,
Plymouth, N. H.

Gentlemen:

Information Booth opened from June 28th to Sept. 1st. Incl., from 9:00 A. M. to 6:00 P. M. weekdays, and 1:00 to 5:00 P. M. Sundays.

A total of 4,562 cars with 14,719 occupants availed themselves of the service which was ably given by Miss Hazel Downing, who serviced the booth.

Many compliments have been received about the courteous treatment received by travelers and the complete information available, indicating that it was one of the most efficiently manned booths in the state.

The Chamber of Commerce wishes to thank the tax payers of Plymouth for their generous support of the booth. All of the amount contributed by the Town of Plymouth was expended toward the salary of the attendant.

Very truly yours,

VERNON G. KELLY,

Secretary

CIVIL DEFENSE REPORT, PLYMOUTH, N. H. FOR 1959

Surplus Equipment

Under the Surplus Equipment Act various items of supply and equipment are made available for Civil Defense use at a fraction of their original cost. Lists of equipment are made available to the town agencies in an effort to save money for the town and also have the town better equipped for an emergency. This year equipment has been purchased for the fire department and the police department.

Civil Defense Staff

Almost all the necessary staff positions have been filled in spite of the fact that we are in competition with the Area Headquarters which is also in Plymouth. The following are staff members:

Director, Thomas F. Goulart
Ass't. Director, Lila Wescott
Communications, Guy Andrews
Police, Paul Knight
Ass't. Director, Robert Burt
Welfare, Richard Godfrey
Fire Fighting, Armstrong Harvey
Auxiliary Police, Clifford Mayhew
Rescue and Engineering, Fred Hussey and
Merlond McLoud
Transportation, Charles Morse
Intelligence, Leonard Cowan
Education, George Zoulas
Public Affairs, Doris Wherland

Activities

This year we have had two C. D. alerts which were called by the state for training purposes. Observers seemed to be satisfied with the way the organization operated although it was only a limited period of time and a minimum of organizational personnel involved.

The organization was requested to assist in the evacuation of River Street in Holderness and the response was excellent.

Warning System

The warning system for the town is far from satisfactory. The business district and the Ward Hill area have been found to be the most difficult locations to alert because of the difficulty in hearing the warning signal. Because we are using the fire whistle for an air raid warning there is a great deal of confusion as to the difference between a fire signal and the alert signal. It seems that steps could be taken to cover the town better by adding the items in the proposed budget to the existing system. For this year it is suggested that an auxiliary horn, controlled from the fire station or added to the present system be located in the business area and that later a similar unit be installed on Ward Hill.

Other Information

The use of the Ward Hill School and the Observation Post have been discontinued. It was felt that the school was not satisfactory as a center of operations because of its distance from the center of town and the expense of maintaining it and paying for the phone did not justify its continuance.

It would also seem that the public should be more informed with regard to the function of Civil Defense in this area. We are not concerned with the effect of bombing as much as we are with the deluge of refugees which would result from a possible war action. It is interesting to note that we are scheduled for 7,000 individuals from Massachusetts in the event of enemy attack. The implications should be obvious.

PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and the damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note.

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple —

1. Before burning, secure a permit from your local forest fire warden — the law requires it.

2. Be sure to properly supervise your burning.

3. Make certain your fire is DEAD OUT before leaving it.

4. Don't throw lighted matches, cigars and cigarettes from moving vehicles — use your ash tray.

5. Don't burn at home — Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — Dump 14

Number of acres burned — Grassfires 4

Number of permits issued — 96

PLYMOUTH VILLAGE FIRE DISTRICT

Sewer Department

There were 18 Sewer Lines repaired and a great many were cleaned out. One of the repaired lines was a 24" brick line under the railroad tracks near the Depot; which collapsed for about 10' during the flood. Under the basement floor of the Plymouth Furniture Store, there is a manhole, the base being 16' below the cement floor of the store. There is a 4' pipe carrying both sewer and storm waters. During flood time the river backs up into this manhole, and with the heavy amount of water coming from this pipe, it causes a whirlpool. This whirlpool lifted one of the cap rocks from the stone sewer and caused the water to eat around the outside of the manhole and all the gravel under the basement floor was carried down into the river. This action has evidently been going on for several years. We feel that we now have this repaired so it will not happen again. It was a slow and expensive job. The Selectmen agreed to pay half the cost of these repairs on the basis that there was at least half as much storm water as sewer going through this line.

FIRE STATION NEWS OF 1959

After a few smoke scares at the Fire Station we could only trace the smoke to the old wiring in the building. After checking and finding old rusty Bx cable with poor insulation, over-loaded circuits, poor connections, old light fixtures and switches which were burned out, we decided we would have to rewire most of the building to remove the dangerous condition that existed.

We installed a 100 Amp. sub-main downstairs in the Fire Station and rewired the garage and meeting room. At this point we cut off the long feeds from the house. The only part not replaced was the new wiring that had already been done in the last few years, but this was tied into the new main. We have not had another smoke scare since that time.

We purchased a double throw switch which means during a power failure we will be able to operate from our own generator which we have mounted on our truck.

We purchased a new smoke ejector which has proven to be a very reliable piece of equipment.

We shingled the front of the main house and the ell which was in very poor condition.

We worked on the floor of the garage and repaired the downstairs ceiling which was sagging. We installed large planks to give more bearing for two of the trucks in the garage. We also worked on the fire alarm system, replacing old cross arms, resagged wire and transferred the alarm system from old poles to new ones installed by the power company.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Plymouth qualified to vote in district affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium in said district on the third (3rd) day of March, 1960, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the District will raise and appropriate the sum of two hundred sixty-seven thousand, four hundred thirty-six dollars and forty-eight cents (\$267,436.48) for the support of schools, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which leaves an estimated balance of one hundred eighty-five thousand, one hundred seventy-eight dollars and fifty-seven cents (\$185,178.57) to be raised by taxes by the town.

9.. To see if the District will vote to authorize the School Board to sell the Ward Hill School house land either at public or private sale upon terms and for such price as may be satisfactory to the School Board and to authorize the School Board to execute any deed or bill of sale of the same in the name of the district.

10. To transact any other business that may legally come before this meeting.

Given under our hands at said Plymouth this fifteenth (15th) day of February, 1960.

SUPERINTENDENT'S REPORT TO THE PLYMOUTH SCHOOL BOARD

Hereby submitted is my annual report as your Superintendent of Schools.

Many significant changes have taken place in the Plymouth schools since my last report. We are now operating under the new contract with the State of New Hampshire and they are responsible only for the education of children in Kindergarten through the 6th grade. For the first time we are operating grades 7 and 8 as part of a secondary school program and have thus become an accredited Junior High School. This differs from the usual 7th and 8th grade situation in that all courses need to be departmentalized (this was done previously) as well as regularly planned and scheduled classes in Home Economics, Industrial Arts, Art, Music and Physical Education. Regular art classes are not being held this year, but we received approval from the state without it and next year it must be added.

Teacher personnel turn-over last year was about normal for Plymouth but much less on the average than that of other schools in the state. When the town of Plymouth assumed control of the 7th and 8th grades, it was necessary to employ four new teachers. It was hoped that we would find at least two experienced ones to balance this staff but this we were not able to do. Mrs. Frances Clay was employed as Acting Principal of the Junior High School and to teach 7th and 8th grade Mathematics and three well recommended new teachers who graduated from Plymouth Teachers College in June completed the staff. Miss Norma Woodard is teaching the Language Arts and elective French. Miss Louise Welchans is teaching the Social Studies and Mr. Dwight Moody, the Science and Coaching boys basketball and baseball. The several vacancies on the

High School staff were filled as follows: Mr. Carl Britton, a June graduate of Keene Teachers College, replaced Mr. Brackett in the Math department; Mr. Raymond Lambert replaced Mr. Noel in the French department; Mrs. Mildred Potter replaced Mr. Truchon in Social Studies; Mr. Robert Drukman from Boston University replaced Mr. Foster in Music; and Mr. Milton Theodosatos, a June graduate of Springfield College was employed as Director of Physical Education grades 7 through 12 and Coach of football and baseball. Two newly created positions on the staff were filled by Mrs. Lois Ignazewski in Latin and Business Mathematics, and Mr. Eugene Ross was employed to head up the new Industrial Arts program in the Vocational Building.

With the addition of the Vocational Building, Plymouth High School's schedule of offerings has been improved a great deal and we have been given the rating of a Comprehensive High School which is the best rating that any New Hampshire high school can have. We have not been in operation long enough at this writing for the school district to see the results that will come out of this program but knowledge and skills are already being established that are so important for young people who can not go to college. I am hopeful that there will be a demand for adult evening education classes so that we may offer a complete course in subjects that adults in Plymouth and surrounding towns would like to have available. We shall be glad to offer any academic or vocational courses for which there is a need. Please feel free to contact me at any time concerning this.

Guidance is an area in the Plymouth school system that I would like to see improved. There are enough students in our school at the present time to warrant a full-time Guidance Counsellor. Mr. Ryan, who does this work now, does an exceptionally good job with the time he has but it takes a great deal of time to review cumulative records for course placement, job placement, and to talk over the many problems that confront adolescents today.

Our testing program includes the University of New Hampshire complete Sophomore Testing Program and the Science Research Associates Mental Ability test for all Freshmen and Juniors. These are all paid for by the District. In addition to this, for \$1 to cover the cost of scoring and on a voluntary basis, Juniors may take the National Merit Scholarship Examination and Freshmen and Sophomores may take the National Educational Development Test. The two latter named tests are especially valuable and should be taken by all College-bound students.

Do not hesitate to contact me if there are problems concerning your District operated schools that you want answered or problems of an educational nature that I might help you with.

Respectfully submitted,

M. WAYNE BOWIE,

Superintendent of Schools

EXPLANATION OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent of schools as per the following quotation: "REPORTS. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1958-59 received a salary of \$7,000 which was made up as follows: \$3,500 paid from the per capita tax and \$3,500 prorated among the several school districts. Allowance of \$1100 for travel within the union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

	Salary	Travel
Campton	\$ 663.25	\$ 208.45
Plymouth	1,289.40	405.24
Rumney	515.20	161.92
Thornton	310.45	97.57
Wentworth	153.30	48.18
Woodstock	543.20	170.72
Dorchester	25.20	7.92
	<hr/>	<hr/>
	\$ 3,500.00	\$ 1,100.00

Superintendent's salary for 1958-59 based on the above figure is reconciled as follows: \$3,500 paid by the various districts, plus \$3,500 from State per capita tax, equals \$7,000 superintendent's basic salary.

M. WAYNE BOWIE,
Superintendent of Schools

PLYMOUTH HIGH SCHOOL

PRINCIPAL'S ANNUAL REPORT

I herewith submit my eighth annual report as principal of Plymouth High School.

The school district now has the responsibility of the seventh and eighth grades and has added a total of six new teachers to take care of the new courses added in the high school and to make the seventh and eighth grades an approved Junior High School.

The town of Plymouth now employs twenty-four full time teachers, a part time art teacher and a nurse.

We are very pleased with our new Vocational Building. The students are happy to work with the new equipment and they are making several worthwhile projects.

We always regret having teachers leave our school. However, this year we were able to fill three vacancies with three experienced and well qualified teachers. On the other hand, we are happy when we have excellent teachers who stay with us for many years. We have many in this category and I want to take this opportunity to thank them for the many years of fine service they have given the Plymouth Elementary School.

REPORT OF SCHOOL NURSE

To the Plymouth School Board:

I herewith submit the annual report of the School Nurse of Plymouth.

This report includes the findings of Dr. McIver, the School Physician, and covers the period of the school year September, 1958 to June, 1959.

Physical screenings of pupils of the 1st-4th-7th-9th and 11th grades were done by Dr. McIver, findings were recorded and recommendations were made to correct any defects found.

Vision tests on 904 pupils were done using the Orthorater "E" slides. Hearing tests with the Audiometer were done on 418 pupils. Any defect found was recorded and parents notified so that proper treatment would be followed for early correction. Heights and weights of pupils were recorded to determine normal physical growth and development. Three hundred and sixty-three pupils visited the nurse for check-up or first aid.

Total inspections and screenings numbered 1583 and symptoms of the following defects were found:

Defects		Treatment or Corrections
Vision	51	49
Hearing	24	7
T and A	30	14
Dental	195	206
Heart	2	2
Abdomen	2	
Orthopedic	6	6
Nutrition	5	

N. H. Sight Conservation and Plymouth Lions Club helped with some of the sight corrections.

Salk Vaccine Clinics were held in October, November, December, 1958 and June, 1959, with 37 pupils immunized.

A Dental Hygiene Clinic, sponsored by the Plymouth School Board, was held in March, 1959, and 116 pupils attended.

T. B. Patch tests were administered to 132 pupils in March, 1959. A Chest X-Ray Clinic was held later for follow-up.

At the Pre-School Clinic in May, 1959, 29 children were examined by Dr. McIver, M.D., and Dr. Crowell, D.M.D. Six Dental Clinics were held in April through May, 1959, and 16 pupils were treated by Dr. Crowell.

The following communicable diseases were reported during the school year:

German Measles	3	"Flu" Type Virus	218
Mumps	2	"Strep" Throat	1
Pediculosis	6	Virus Trench Mouth	3
Impetigo	2		

The assistance and co-operation of all who have helped the School Health Program is gratefully acknowledged in obtaining the desired results.
